A photograph of a traditional wooden structure with a green tiled roof, likely a school or community center. The structure has a dark wooden frame and a green tiled roof. A sign is visible on the wall, and there is a small structure in the background. The image is part of a document titled 'Dokumentasi Pelaksanaan Pembelajaran' (Documentation of Learning Implementation) for a lesson on 'Pengaruh Perubahan Iklim Terhadap Perubahan Suhu' (Influence of Climate Change on Temperature Change).
